Art Unit: 1651

The amendment received 11/24/04 has been entered and claims 11-26, 28-36 are currently pending in this application. Again, please update the specification regarding the status of related cases. This application is a CIP of 09/563,707. Priority is granted to the filing date of this application, 3/4/2002.

In view of the arguments presented, the rejection of record under 35 USC 103 is hereby withdrawn.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11-26, 28-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Each of the following applies in every occurrence.

In claim 11 line 1, "the viability" lacks antecedent basis. In claim 11(b) "the treated" lacks antecedent basis. In claim 25 line 1 "the efficacy" lacks antecedent basis. In claim 25(b) it is unclear if the indicator has or has not been exposed.

Applicant's arguments filed 11/24/04 have been fully considered but they are not persuasive.

Applicant argues that the claims are clear as written.

It is the examiner's position that the claims do not meet the requirements of USC 112, second paragraph as set forth above. Each term must have definite antecedent basis. For example, claim 11(b) refers to "the treated spore" but there is no treated spore earlier referred to in the claim. In claim 25(b) the phrase does not make sense because what it is examined for is not set forth, what a standard profile of what is not understood in context.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
